

Epilepsy, Fits

Convulsions, or Spasms and St. Vitus' Dance are Nervous Diseases. Most cases can be cured by strengthening and building up the nervous system. To do this a nerve medicine is needed. Dr. Miles' Nervine will be found efficacious and satisfactory. It has cured many cases of these diseases and we believe it will cure you. We can give you names of many who have been cured through its use. Write for advice.

"My son John had epilepsy for years, and after having him treated by specialists for over 2 years he still continued to have spells. I had almost given up in despair, but knowing the virtue of Dr. Miles' Anti-Pain Pills for sick headache, I concluded to try the Nervine. During June, 1906, I gave him a teaspoonful three times a day, then in July I gave it as directed, and I could see that he was improving, and he has not had a spell since August 25, 1906, and has taken no medicine since Jan.-07. I am writing the case just as it is hoping it will induce others to try it.

The Trials of Women.

The homes of this country are filled with women whose trials utterly destroy the joys of existence. They are the victims of female disorders and they do not get relief, and they are forced to drag through the weary years without the hope of better days. All such should be advised to use a few bottles of

ANDREW'S

WINE OF LIFE ROOT.

It plants hope in hopeless hearts, the seeds of joy in joyless minds, whose fruition is the bloom of health on the cheek of the perfect woman, to whom the ill of her former existence are now the real rest of her pleasurable life. Thousands of women all over this land have testified to the truthfulness of this assertion.

TONICS FOR WOMEN.

Delicate women require a tonic. An iron tonic is good, but Andrew's Wine of Life Root is better. While toning up the system, purifying the blood and restoring exhausted nerves, it regulates any derangements, and strengthens woman in the most sensitive part of her organism.

Price \$1.00 per bottle.
Ask your druggist for it.

Cholerol

The Great Diarrhoea and Dysentery Remedy

Cures acute and chronic diarrhoea, dysentery, cholera morbus, "summer complaint," Asiatic cholera, and prevents the development of typhoid fever. Same wonderful results obtained in all parts of the world.

"WORKS LIKE MAGIC."

Price 25 cents per box.
Don't accept a substitute—a name is "just as good." If your druggist hasn't it and don't care to get it for you send direct to THE ONTARIO CHEMICAL COMPANY, Oswego, N. Y., U. S. A.

Marked For Death.

"Three years ago I was marked for death. A graveyard cough was tearing my lungs to pieces. Doctors failed to help me, and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 8 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at Whitwell Drug Co's. 50c and \$1.00. Trial bottle free.

Doctors

say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion.

It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In

Scott's Emulsion

the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.

Nothing can be found to take its place. If you are run-down you should take it.

Well, "Roope," that big old goose egg of a couple of hundred thousand votes rolled into Bryan's hand like a mellow apple. Bryan has returned from up Salt river, and when last heard from was down on the Rio Grande, duck hunting. "Old Bach" did not accompany him thither, but bear in mind, while Bryan got left, four northern republican legislatures also went up Cripple Creek, which means Bryan and Kern for the U. S. Senate. A few more remarks and I am done with the campaign of 1908 for ever, and promise the people I will come out myself in 1912, provided I can get married, hoodwink the editor of the Will's Point Chronicle and secure the support of the Vanzandt county legislature, all of which are essential to secure the nomination for constable. I mean, if elected, to serve the people to the best purpose and that is aiding and promoting good society and stopping law breaking by arresting and imprisoning peace disturbers.

One cause of Bryan's failure was he scared the republicans into forty fits, and the wealthy railroad magnates and Old John D. went down into their pockets, and brought out the dough, and at the same time threatened a lot of northern paupers with starvation if they voted for Bryan and Ted got down off his high imperial pedestal and with his right fist full of scandal gave the commoner one of his "square deals." Let me show you, Mr. Editor, how that was done: "I, THEODORE ROOSEVELT, do hereby affirm and declare that W. J. Bryan is wholly unfit for the office of President, and that if Bryan is elected, the people of the United States will all starve to death, but on the other hand, if Mr. TAFT goes in, why every body will get rich. See."

Well, with the foregoing remarks, I will close up the campaign, and be it understood that any remarks or reference made thereto by anyone not pleased therewith, will be wholly and totally ignored by the "Texas Bachelor."

D. W. Foster's mules strayed Wednesday and Ed and he were hunting them Thursday.

Special to the News.

It seems awful to write the news of our camp being in such a condition today as the mine blew up again with three shot firers in the inside, and it is sure that they are dead. They expect to reach them soon. The explosion happened three minutes after 7 o'clock last night. The report was heard eight miles. There is no report as to the cause yet. Some think that the two entries that were bratticed in with fire from the last explosion let go, while others think it was by a shot.

It seems so strange to me and I can't imagine what could do it. The roads and the main entry were almost muddy by being sprinkled to prevent an explosion. I went in this morning to help get the men out but I bumped my head on a timber and it caused me to sprain my back, so I came out and have about decided to say I am done with old Ren City. I can't mail this until tomorrow and will write more.

The explosion was at three minutes after seven o'clock Saturday and they got the three bodies out at 11:30 Sunday night, over 28 hours after it happened.

I haven't decided what to do. I may stay, though I think I will skidoo from here.

Arthur Jones said last night that he was going to go somewhere else to work.

To the Sayre writer I will say that the Belleville writer is here in Ren City. All are in good health, but not doing much. It seems that we follow hard luck, or it follows us, as these explosions came just as we got here. They claim the last was five times worse than the other one, though it seems impossible for it to be worse than the first. About 5,000 people visited the shaft yesterday from the surrounding country.
